AutoCAD Crack + Activation Key

AutoCAD is currently the world's leading and most widely used CAD program. AutoCAD is typically used for architectural, engineering, and construction drawing; engineering design; and drafting, such as mechanical, electrical, civil, and mechanical. It is also used in oil and gas exploration, mining, manufacturing, quality control, and a variety of other industries. The software provides many functions beyond CAD, including 3D modeling, animation, data management, and Internet/web publishing. In addition to being available for Windows, the software is also available for macOS, iOS, Android, and Ubuntu Linux. AutoCAD is also available for the cloud, including mobile, web, and desktop apps. AACD is the abbreviation for AutoCAD Architecture. History [edit] AutoCAD was originally released by MicroStation Computer Inc. as a product called MicroStation 1982, although this was officially referred to as the "AutoCAD II" product. In 1984, Autodesk Inc. acquired MicroStation Computer and released the product as AutoCAD 1984. In 1996, Autodesk acquired SolidWorks, and released AutoCAD in 2002. AutoCAD 2002 [edit] AutoCAD 2002 was released on January 29, 2002.[1] The 2002 release was the first to support Windows NT 4.0. The Windows 2000 version was not released until April 2004. AutoCAD 2005 [edit] AutoCAD 2005 was released on March 4, 2005.[2] The new version brought full support for AutoCAD 2004 as well as many new features, enhancements, and bug fixes. AutoCAD 2006 [edit] AutoCAD 2006 was released on October 1, 2006.[3] The new release supported Windows XP and Windows Server 2003 as well as Windows 2000. AutoCAD 2006 introduced an update mechanism, which enabled the application to be updated automatically without the need for a new release. AutoCAD 2007 [edit] AutoCAD 2007 was released on January 23, 2007.[4] AutoCAD 2009 [edit] AutoCAD 2009 was released on October 9, 2008.[5] AutoCAD 2011 [edit] AutoCAD 2011 was released on January 19, 2009.[6] AutoCAD 2013 [edit] AutoCAD 2013 was released on January 22, 2012.[7] It was the first release of Auto
