

it is four years after the events of the first hellboy film, and b.p.r.d. agent hellboy has left the bureau. he is now the sole protector of the demon sword nimue, and his only mission is to find and destroy an artifact that can destroy the world. the film doesnt start until almost twenty minutes into the movie, and its not something you notice until the very end. a large portion of the back story is thrown out the window and never seen again. this is something of a complaint among fans, and i must say that i dont know if it is intentional or not. as things get underway, hellboy is dragged back to his bureau by agents of the old ones, a race of creatures that have been slowly returning to earth over the centuries. they reveal to hellboy that the anzacs and mantle are on the planet and have begun an aggressive attack on the human race, and he is the only one who can stop it. hellboy is on a mission to find the old man, the leader of the old ones. his first stop is the mansion where he meets lady von hammersmark, a nazi agent who has been following him since the last film. she leads him to an alaskan town where he meets the sheriff, a guy who isnt entirely sold on having hellboy as a neighbor. it is also here that hellboy meets his former flame, liz, a journalist who is also following him and he is not overly thrilled to see her. hellboy also finds out that the demon guts is in town, and is being hunted by the old ones. together they set off for the mountains, where the old ones have hidden the golden army, a powerful artifact that will destroy the world if it is released.

the film is consistently funny. some of it may be off-color, but the quality of the comedy is consistent. there are some excellent gags. the scene where hellboy and the wink first meet is a classic and worth seeing even if you didn't like the first film. the film also boasts a number of scenes that are as bloody as they are awesome, including, of course, the fight between hellboy and the wink. i love the scene where the wink, in its world, can take on men, cars, tanks and other giant robots all at once and win. also

the scene where hellboy works on the wink's machine at the end of the film is highly entertaining. this is an extremely entertaining action film, with a great cast and a lot of very funny moments. it will also appeal to many who liked the first film. it's worth picking up if you haven't already seen it, and if you're a hellboy fan it's absolutely essential viewing. download movie hellboy 2 the golden army 2008 bluray 480p & 720p mp4 mkv hindi english subtitle indonesia watch online free streaming full hd movie download synopsis plot synopsis hellboy 2: the golden army (2008) : in this continuation to the adventure of the demon superhero, an evil elf breaks an ancient pact between humans and creatures, as he declares war against humanity. he is on a mission to release the golden army, a deadly group of fighting machines that can destroy the human race. as hell on earth is ready to erupt, hellboy and his crew set out to defeat the evil prince before the golden army can destroy humanity's existence.
